

PrimaTouch® blueberry REF PM6-280X

Nitrile | Latex-Free | Powder-Free | Accelerator-Free | Berry Blue

Specially formulated without the use of any chemical accelerators or sulfur, the PrimaTouch blueberry glove protects both the wearer and patient from Type I (natural rubber latex protein) and Type IV hypersensitivities (Chemical Accelerators: Thiurams, Thiazoles & Carbamates). Advanced lightweight technology provides excellent tactile sensitivity, dexterity and strength, and the fully microtextured glove surface with enhanced finger texturing provide better grip in all conditions.

Patented Technology

Low Dermatitis technology lowers risk of developing sensitivities or allergies and prevents aggravation of existing skin conditions.

Meets and exceeds all Health Canada standards for medical examination gloves.
