Why buy generic when you can buy

ULTRACAINE

Safe, predictable and powerful anesthesia.

Ultracaine is the original articaine.

Developed by the same company that synthesized Epinephrine.

Ultracaine is pure. Latex-free plunger and diaphragm, paraben and EDTA free.

Ultracaine is effective. Articaine produced shorter onset and longer duration of pulpal anesthesia by maxillary infiltration than the lidocaine.

Ultracaine is reliable. A high 98.5% success rate in surgical procedures.

Ultracaine is safe. Wide margin of safety and very low incidence of side effects.

Ultracaine is environmentally friendly.

PRI-MED PrimaTouch Blueberry

Nitrile | Latex-Free | Powder-Free | Accelerator-Free | Berry Blue

Specially formulated without the use of any chemical accelerators or sulfur, the PrimaTouch blueberry glove protects both the wearer and patient from Type I (natural rubber latex protein) and Type IV hypersensitivities (Chemical Accelerators: Thiurams, Thiazoles & Carbamates). Advanced lightweight technology provides excellent tactile sensitivity, dexterity and strength, and the fully microtextured glove surface with enhanced finger texturing provide better grip in all conditions.

Low Dermatitis technology lowers risk of developing sensitivities or allergies and prevents aggravation of existing skin conditions.

Meets and exceeds all Health Canada standards for medical examination gloves.

PRIMED AAMI 2 Overhead Isolation Gown

Made from strong, fluid resistant and breathable SMS material, this gown is ideal for situations with potential for low or moderate levels of fluid exposure. The overhead neck closure, full back design and thumbloops with elastic cuffs provide dependable coverage against contaminants.

Soft and Breathable SMS

PRIMED SMS gowns are engineered for the ultimate balance of breathability and fluid resistance to keep clinicians protected from the outside and comfortable on the inside.

Overhead Neck Closure

Allows quick and easy donning and doffing, minimizing contact with harmful fluids.

Full Back Design

Provides enhanced coverage clinicians can depend on to prevent contact with contaminants.

Thumbloop with Elastic Cuff

Keeps gown sleeves in place under gloves to protect vulnerable skin from harmful substances and bacteria.
